Quote for adder festoon and pendant. This is to be completed while on site to install the hoist. There is no festoon on the crane for power and control of the hoist and trolley. The crane has conductor bar, there are not enough conductors to control and power the hoist. The existing pendant is a single speed. There are not enough conductors in the pendant cord or festoon for a two speed pendant. we will install a complete power and control festoon on one side of the crane. we will add a eight conductor flat festoon to the pendant festoon and a two speed pendant and cord.
