Hi-Speed Industrial Service disclaims all warranties, both express and implied, relating to the information, reports, opinions and analysis disclosed to the Customer by Hi-Speed. Hi-Speed shall not be liable for any errors or omissions, or any losses, injury or damages arising from the use of such information, reports, opinions and analysis by the Customer.

8. Services Performed

Removed top part of pump. We noticed the impellor is severely worn and the customer wants to have it replaced as well. After this pump is rebuilt the customer would like for us to check the larger pump next to it and go from there. Update. Rebuilt the pump assembly in the shop and went out to reinstall. Aligned motor to pump once pump was finished. Pump ran good pumping around 1400 gallons per minute.

9. Service Technician Recommendations
