Service Call Details

- | | |
|-----------------------|--|
| 7. Service Objectives | To find out where the squeezing is coming from |
|-----------------------|--|

- | | |
|-----------------------|---|
| 8. Services Performed | I checked the fans up top and they sound good. I then noticed that the air handler outside was making the noise we were hearing through the duct and went outside to inspect it. The belts were wore out so I replaced them and unit is very quiet now. The pump for the waterfall is a little noisy so the customer wants a quote for a new motor and pump. I have nameplate info in the pics. |
