

THERE'S NO SUBSTITUTE FOR ***SPEED***

Downtime is lost time. And as we all know, time is money. That's why you need a resource you can trust to be on time, every time with the knowledge, experience and technology to keep your facility rolling.

You need Hi-Speed Industrial Service on your side.

We install. We repair. We fix problems. We prevent problems. When you don't know who to turn to, turn to us. With two sophisticated, centrally located facilities, Hi-Speed can service plants everywhere from the Gulf to the Midwest.

It's what we've done since 1946. But where manpower was the currency of our trade in the 20th century, the present and the future are built upon having the most up-to-date processes and technology at your disposal. That's what you get with Hi-Speed. Along with a full range of specializations to provide exactly what you need, when you need it.

See for yourself what Hi-Speed has to offer. Then put us on speed dial.
